

3COM REGIONAL CAMPUS PHASE I, ROLLING MEADOWS, ILLINOIS

3COM REGIONAL CAMPUS PHASE I, ROLLING MEADOWS, ILLINOIS

Phase 1 of 3Com's new Midwest corporate campus was created around a 400,000SF building once owned by AT&T. The project involved 112,000SF of expansion and comprehensive renovation, which replaced all building systems including the exterior skin. The project houses corporate offices, training and conference facilities, laboratories, and employee amenities that eventually will serve the entire campus. Amenities include a fitness center, dining, an espresso bar/cafe, and a retail shop.
