COLE HAAN ROCKEFELLER CENTER, NEW YORK, NEW YORK

The New York City flagship at Rockefeller Center for Cole Haan, the retailer of classic leather goods, is a major step in the evolution of the brand. Monumental black lacquer doors between a dramatic series of rooms are inspired by glamorous 1960's homes in Beverly Hills. Antique furniture is combined with custom architectural features to create a residential atmosphere. The project renovates and enlarges an existing space to a total of 7,500 square feet.
