

HARRIS BANK, HIGHLAND PARK, ILLINOIS

HARRIS BANK, HIGHLAND PARK, ILLINOIS

In a departure from our prototype design for Harris' suburban branch program, the Highland Park branch responds to specific considerations in this affluent and design-conscious community. Harris Bank Highland Park is located in the city's downtown, so is more urban in character than those based more closely on our prototype. Everything from site design to building character was carefully planned to give this building a good fit with the community and its prominent location.
