

VILLAGE OF GLENVIEW, KIDS WORLD DEVELOPMENT & ACTIVITY CENTER, GLENVIEW, ILLINOIS

## VILLAGE OF GLENVIEW, KIDS WORLD DEVELOPMENT & ACTIVITY CENTER, GLENVIEW, ILLINOIS

This new 14,000 square foot child development and youth activities center, a joint venture project between VDT and Heidrun Hoppe Associates, was undertaken as part of the redevelopment of the Glenview Naval Air Station. The facility provides daycare and after school programs for the children of local Navy service men and women. The building includes office and support space, organized around a central gymnasium. Four south-facing classrooms are designed for use by younger children. After-school classrooms for older children are on the north side. All classrooms open directly to outdoor play areas.
