

TEACHER FEDERATIONS CREDIT UNION, MINNEAPOLIS, MINNESOTA

## TEACHER FEDERATIONS CREDIT UNION, MINNEAPOLIS, MINNESOTA

In need of more space for its headquarters operations, the TFCU decided to remain in its choice location and expand its existing facilities. This meant creating a new design that integrated an aging 16,000 square foot structure with a new 3,000 square foot addition and phasing construction so that credit union activities could continue uninterrupted in place. The new design reversed the former building plan and the interior was entirely redesigned and renovated. A new banking room was included in the addition.
